## 1. Purpose

Stena Marine Management ApS RoRo Division is committed to ensure quality in the services provided and in everything we do safeguarding assets and Stena's reputation.

## 2. Scope

This policy applies to all employees. Contractors and suppliers shall conform to this policy whilst under contractual agreement with Stena Marine Management ApS RoRo Division.

All procedures and practices encompass how quality is maintained in the operation and shall comply with this policy and contribute to Stena's development in line with the company's vision, mission and strategy.

## 3. Objective

Stena Marine Management ApS RoRo Division aims to be a high-quality ship management organization, being the leading provider of ship management solutions for RoRo, RoPax and PCTC tonnage in the Stena Sphere. We will reach this position and meet our customers' expectations of quality and competitive operation by implementation of this policy.

## 4. Policy

- At all times comply with national and international environmental rules, regulations and other requirements
- Engaged, well-motivated colleagues with high competence.
- Close interaction and cooperation enable understanding and fulfilment of the requirements from owners, charterers, classification societies, regulators and authorities.
- Systematic goal setting and follow up of performance enabling continuous improvement.

We as a Company ensure that the management system is developed, followed and updated to realize the quality ambitions. The entire organization strives for high quality operation in everything we do.

We are dependent on the knowledge and competence of our employees in this objective and aim to increase environmental awareness and excellence through training as well as broadcasting of our environmental policy and program to all co-workers.
